## 1. INTRODUCTION

The procedures and requirements in this document supplement those published in the official bulletin of the Graduate School of Mississippi State University. The handbook presents specific departmental requirements for the graduate degree program in Applied Anthropology. All graduate students should retain both documents and consult them frequently. **It is the student's responsibility to meet all applicable requirements.** The faculty welcomes the opportunity to work with students and stands ready to help them meet their degree and career objectives.

## 2. ADMISSION

### A. Criteria

University requirements for admission to graduate studies include a minimum undergraduate grade-point average in the last two years of undergraduate academic work of 2.75 on a 4.00 scale and a 3.0 on all graduate work. A student applying for graduate admission to the Anthropology program will be evaluated on the basis of evidence which might indicate success in graduate study, including all transcripts of previous post-secondary academic work, the Graduate Record Examination (GRE), the quality and strength of letters of recommendation, and the student's statement of purpose for seeking entry into graduate school.

### B. Procedures for Application

Inquiries concerning admission to the graduate program in Anthropology may be directed to either the Graduate School or the Department of Anthropology and Middle Eastern Cultures (AMEC). The Graduate School and AMEC websites contain the specific instructions for completing the forms and making an application for admission. Application materials for graduate admission are on-line at: <https://apply.grad.msstate.edu/>

### C. Types of Admission

The application will be evaluated by both the Graduate School and the department. The applicant will be notified of the outcome of the screening process. If accepted, students may receive one of three types of admission.

1. Students meeting all requirements listed in the criteria above are normally granted *full* admission.
2. Students can be admitted on a *provisional* basis, if recommended for admission by the degree program, even though they do not meet the minimum grade point average. Provisional students must receive a 3.0 grade-point average on the first nine hours of courses taken at Mississippi State University (transfer hours will not apply) in order to achieve regular status. If a 3.0 grade-point average is not attained in the first nine hours of coursework, the provisional student will be terminated from the program.

3. Students may also be admitted *conditionally* when an application is incomplete due to circumstances beyond the student's control (such as required completion of a B.A. degree program in which the student is currently enrolled).

### 3. FINANCIAL ASSISTANCE

#### A. Availability

Financial assistance for graduate study is available on a competitive basis from several sources. Prospective students must apply for funding during the application process by completing the department's assistantship application that can be found on our website: <https://www.amec.msstate.edu/files/assistantship.pdf>. In addition, the entire application to the Graduate School for graduate study, excluding the formal submission of GRE scores, must be completed by the application deadline to be considered for funding in the first year. Once a student submits an assistantship application it is not necessary to resubmit an application for future consideration of funding.

#### B. Criteria

Although the criteria for each source may differ somewhat, basic expectations are similar. New students should meet the established university and departmental requirements for admission. Graduate assistantships are professional positions with explicit obligations. Assistantships are thus considered to be half-time jobs (~20 hours per week). Students on assistantships are required to maintain a course load of at least nine (9) hours per semester. Assistantships cover a maximum of twelve (12) credit hours.

#### C. Continued Appointment

Continued appointment is based on satisfactory performance of assistantship duties as determined by standing departmental procedures as well as adequate progress toward the degree. In addition, students must maintain at least a 3.0 GPA to retain an assistantship. Students may retake one course if necessary, with approval of the Graduate Coordinator and the Dean of the College of Arts & Sciences. Requests will be considered by the standing Graduate Committee (see section 8 below). If a request is granted, a student must submit a completed Request to Retake a Course form: [http://www.grad.msstate.edu/files/request\\_to\\_retake\\_a\\_course.pdf](http://www.grad.msstate.edu/files/request_to_retake_a_course.pdf). Both courses remain on the permanent transcript, and both are used in calculating final grade averages. No additional credit hours accrue from a course retake.

Financial support awarded by or through the department, regardless of the source, typically covers two years for students who are pursuing a Master's degree.

#### D. Sources

1. Departmental and Cobb Institute of Archaeology Research Assistantships

A limited number of Teaching and Research Assistantships are available through the department and the Cobb Institute of Archaeology. Application forms for these assistantships are accessible via the departmental web site <http://www.amec.msstate.edu/files/assistantship.pdf>. Applications and supporting material should be sent directly to the Graduate Coordinator via e-mail in a PDF format. Applications will be considered by the departmental graduate faculty as a whole. The minimum requirement for a Research Assistantship is a bachelor's degree from an accredited college or university. In usual circumstances, students will be expected to have a B.A./B.S. in Anthropology to qualify for a Teaching Assistantship.

## 2. Graduate School Work Study Assistantships

Teaching and Research Assistantships may be funded by the Graduate School. Information and applications can be found on-line at [http://www.grad.msstate.edu/files/assistantship\\_app.PDF](http://www.grad.msstate.edu/files/assistantship_app.PDF). Students applying for these assistantships must qualify for financial aid. Students must complete the Free Application for Federal Student Aid (FAFSA) form available on the Department of Financial Aid website <http://www.sfa.msstate.edu/howto/grad/step1.php>.

## 3. Student Loans

Guaranteed Student Loans are available through the Department of Student Financial Aid (Garner Hall, P.O. Box 6035, Mississippi State, MS 39762; 662-325-2450; [www.sfa.msstate.edu/](http://www.sfa.msstate.edu/)). Students should request an MSU Financial Aid Package and follow the instructions for Graduate Students. (Note: Graduate Students are *not* eligible for Pell Grants).

## 4. Other Sources of Funding

There are many potential funding sources. Information on fellowships and scholarships can be obtained from Research Services in the Office of Research and Economic Development, *by appointment only* (662-325-3570). Several scholarships are available through the College of Arts & Sciences <http://www.cas.msstate.edu/futurestudents/scholarshipopportunities/>

## 4. ENTERING THE PROGRAM

### A. Orientation of New Students

All new graduate students should report to the Anthropology Graduate Coordinator, who will assign graduate assistants their duties and assist the student in planning the first semester of coursework. A formal orientation for new students will usually be held during the week prior to the beginning of the fall semester.

### B. Selection of Major Professor and Thesis Committee

The purpose of the Thesis Committee is to advise the student throughout his/her graduate program, especially in terms of professional development. The Thesis Committee must consist of

at least three members, including the Major Professor and at least one other graduate faculty member from the Department of Anthropology & Middle Eastern Cultures. The third member may be a member of another discipline (e.g., Sociology, Biology) if appropriate, as determined by the student's thesis research topic and in consultation with the major professor. Additional MSU graduate faculty committee members may be added with the consent of other committee members.

**By the end of the first regular semester of course work**, the student, in consultation with the Graduate Coordinator, must select a Major Professor who will serve as Chair of the Thesis Committee. The student must turn in the *Major Professor Agreement Form* to the Graduate Coordinator, which can be found on the departmental website:  
<http://www.amec.msstate.edu/files/MajorProfessorAgreementForm.pdf> .

**By the end of the first regular semester**, the student, in consultation with his/her Major Professor, must select two other members to complete setting up the Thesis Committee. It is required that two members of the committee be eligible graduate faculty in the Department of Anthropology and Middle Eastern Cultures. The student must turn in the *Committee Request Form* to the Graduate Coordinator, which can be found on the Graduate School's website  
[http://www.grad.msstate.edu/files/committee\\_request.pdf](http://www.grad.msstate.edu/files/committee_request.pdf).

Committee members from outside of the MSU graduate faculty may be added to the committee, but a majority (more than 50%) of the student's committee must be from the MSU graduate faculty. Non-MSU graduate faculty members may only be added in the case that they:

- a) Provide a level of expertise, technical knowledge, or practical experience that is not available amongst the MSU graduate faculty

and/or

- b) Their expertise is essential to the student's proposed research. It is expected that non-MSU committee members will have a minimum of a Master's degree.

In order to add a committee member outside of MSU Graduate Faculty the student and major professor must submit:

- 1) A signed letter written by the Major professor and addressed to the Department Head and Graduate Coordinator explaining the rationale for adding a non-MSU graduate faculty outside committee member.
- 2) A copy of the proposed outside committee member's CV.

Only after receiving written approval from the Department Head and Graduate Coordinator can the outside committee member be added to the official Committee Request form.

If changes in the composition of the committee are contemplated, **all parties** must be informed

beforehand. To change the composition of the Thesis Committee, a *Request for Change of Committee Member(s) Form* must be completed by the student and approved by all involved parties. The form can be found the Graduate School's website: [http://www.grad.msstate.edu/files/committee\\_change\\_request.pdf](http://www.grad.msstate.edu/files/committee_change_request.pdf).

The Major Professor, in conjunction with other members of the Thesis Committee, will assist the student in planning the remaining program of study.

### C. Program of Study

Prior to the end of their first semester in the program, each student is required to submit a formal program of study for their entire MA to the Graduate Coordinator: [https://www.amec.msstate.edu/files/graduate\\_program\\_of\\_study.pdf](https://www.amec.msstate.edu/files/graduate_program_of_study.pdf). This program must be made with the advice and concurrence of the student's Major Professor, Thesis Committee and Graduate Coordinator. The signed program of study is submitted to the Graduate Coordinator for placement in the graduate student's records. Graduate students can monitor their progress towards the degree by checking their CAPP account, which is available via the student's myState account: <https://cas.its.msstate.edu/cas/login>

## 5. MASTER OF ARTS PROGRAM

Students must complete 36 hours of graduate work. Requirements include:

- 25 hours of course work
- 5-hour internship
- 6 hours of thesis (MINIMUM)

At least twelve (12) hours of the course work in the degree program, exclusive of thesis credits and the internship, must be at the 8000-level. Approved 7000 Directed Individual Study hours count toward 8000-level requirements. No more than six semester hours of graduate credit may be earned in 7000 Directed Individual Study courses. Students may transfer up to six (6) hours of courses from other accredited graduate degree programs. In order to transfer hours, the student must fill out the Transfer Approval Form: [https://www.grad.msstate.edu/files/Transfer\\_Form\\_2018.pdf](https://www.grad.msstate.edu/files/Transfer_Form_2018.pdf)

All students are required to take a minimum of two graduate-level courses (6 hours) outside the department at MSU. Outside courses at the 8000-level can count as part of the minimum of 12 hours at the 8000-level.

Students must remain continually enrolled for the two main (fall and spring) semesters of each academic year until they graduate. Once a student has completed his/her required course load, a minimum of one (1) thesis hour per semester is required to maintain graduate status.

## A. Course Work

### 1. Foundation/core/general courses

- Leveling courses. Any student who does not have an undergraduate degree in Anthropology or who is deficient in core areas (cultural anthropology, biological anthropology, and anthropological archaeology). Barring the inclusion of one or more of these courses on their undergraduate transcript, they will be required to take all of the following:
  - AN 1143 - Introduction to Cultural Anthropology
  - AN 1344 - Introduction to Biological Anthropology
  - AN 1543 - Introduction to Archaeology

### 2. Courses required of all students in the MA program

- AN 6123 – Anthropological Theory
  - Anthropological Theory Core course. This course is **required** of all students who have not already taken it or an equivalent (See Waivers and Equivalencies policies)
- AN 8011 - Professionalization in Applied Anthropology
- AN 8013 - Quantitative Methods in Anthropology
- AN 8215 - Internship in Applied Anthropology (5 Hours)
- AN 8000 - Thesis (6 Hours)

### 3. Courses in Archaeology/Bioarchaeology Emphasis

- Field Experience Leveling courses. These courses **are required** of students who have not taken them and who do not have equivalent archaeological field experience (See Waivers and Equivalencies policies)
    - Survey
      - AN 2510 (6 hrs) - Archaeological Field Methods: Survey
    - Excavation
      - AN 3510 (6 hrs) - Archaeological Field Methods: Excavation
- or
- AN/REL/MEC 3540 (6 hrs) – Archaeological Travel and Participation

A. Required Courses.

- AN 6523 - Public Archaeology
- AN 8533 - Readings in Archaeology: Theory

B. Additional hours from the following list:

- AN 8303 - Seminar in Bioarchaeology
- AN 8313 - Paleopathology
- AN 8513 - Southeastern Archaeology
- AN 8523 - Environmental Archaeology
- AN 8543 - Household Archaeology
- AN 8553 - Readings in Archaeology: Applications
- AN 6303 - Human Variation and Origins
- AN 6313 - Human Osteology
- AN 6323 - Plagues and Peoples
- AN 7000 - Directed Individual Study (**6 hour limit**; ordinarily, this will be an option only for students who have completed all appropriate 4000/6000-level courses as undergraduates)
- AN 8990 - Special Topics in Anthropology
- AN 6990 - Special Topics in Anthropology

C. 6-7 hours technical specialty:

Students will choose two courses from one area or, with permission of their Major Professor, one from each of two areas. A list of possible courses is given below; students should examine the Graduate Bulletin <http://www.grad.msstate.edu/catalogs/> for a full list of courses available in different departments and the course catalog (available electronically via myState) for courses being taught in particular semesters.

Students should consult with their Major Professor and/or the Graduate Coordinator to determine which outside classes are appropriate.

i. Middle Eastern Cultures

- MEC 6403 Ancient Near East

ii. Soils / Geomorphology

- GG 6503 - Geomorphology
- PSS 6323 - Soil Classification
- PSS 6603 - Soil Chemistry
- FO 6483 - Forest Soils

iii. GIS and Remote Sensing

- FO 6452 + lab - Remote Sensing Applications
- FO 6472 + lab - GIS for Natural Resource Management
- GR 6303 - Principles of GIS
- GR 6313 - Advanced GIS
- GR 6333 - Remote Sensing of the Physical Environment
- GR 8313 - Advanced Cultural Geography
- PSS 6483 - Introduction to Remote Sensing Technologies
- WF 6253 + lab - GIS & GPS in Wildlife and Fisheries Management

iv. Resource management/impact assessment/business

- BL 6263 - Environmental Law
- FO 6413 - Natural Resources Policy
- AN/SO 6173 - Environment and Society (must be taken with SO prefix to count as an outside course)

v. Biogeography/advanced ecology

- ST 8114 - Statistical Methods
- BIO 6023 - Evolutionary Biology
- BIO 8113 - Biogeography
- GG 6133 - Principles of Paleoecology
- PSS 6633 - Weed Biology and Ecology

#### 4. Courses for Applied Cultural Anthropology Emphasis

A. 15 hours from the following list:

- AN 6133 - Medical Anthropology
- AN 6143 - Ethnographic Methods
- AN 6163 - Anthropology of International Development
- AN/SO 6173 - Environment and Society
- AN 7000 - Directed Individual Study (**6 hour limit**; ordinarily, this will be an option only for students who have completed all appropriate 4000/6000-level courses as undergraduates)
- AN 8103 - Seminar in Applied Cultural Anthropology
- AN 8123 - Environmental Anthropology
- AN 8193 - Current Cultural Theory
- AN 8990 - Special Topics in Anthropology
- AN 6990 - Special Topics in Anthropology

## B. Internships

Each graduate student in the Applied Anthropology M.A. program at MSU is required to participate in an internship for five (5) credit hours, unless the requirement is waived due to appropriate prior experience (see Section C Waivers and Equivalencies). The aim is to provide students with practical experience in an applied setting appropriate to the area (archaeology/bioarchaeology or cultural anthropology) in which their studies are concentrated. Internships are meant to introduce students to a variety of aspects of applied work, which may include applied fieldwork methods, data gathering and analysis, public outreach and education, and ethical considerations. It is expected that interns will have opportunities to interact with agency personnel, community members, and researchers in other disciplines. The student will be expected to take substantial responsibility, under appropriate supervision, for carrying out professional duties that involve using anthropological knowledge to help solve problems for clients. It is expected that the student will complete their Internship with one organization.

### 1. Procedures

After satisfactory completion of at least one semester of full-time graduate work or by prior arrangement, each student will be expected to participate in an internship that has been approved by his or her Major Professor. The student, the Major Professor, or another faculty member may make the initial contact with the proposed internship sponsor to determine whether an internship is possible and appropriate. An internship agreement must be formalized and finalized prior to student's initiation of the internship by having the student and a responsible person in the internship agency sign the *Applied Anthropology Internship Agreement Form*. This form can be found on the department website <http://www.amec.msstate.edu/files/InternshipAgreement.pdf>. The completed form will be placed in the student's file.

Internships must meet the following criteria:

- Internships will be full-time
  - 40 hours per week for 8 weeks, if done during the summer.
  - 24 hours per week for 16 weeks if done during the fall or spring semester
- Internships should not entail original research for a student's thesis unless, if appropriate, this has been approved by the student's Thesis Committee and IRB approval has been obtained beforehand.

The intern will enroll for five (5) semester hours credit, either during the 10-week summer term, or in fall or spring semester. Students may not register for internship hours prior to the actual performance of the internship. The hours will be earned in AN 8215 - Internship in Applied Anthropology. The student's major professor will oversee the internship for MSU, assign the final grade, and receive credit for the hours generated. Work schedules will be arranged to the mutual satisfaction of the internship agency and the student.

The student's major professor or another designated Anthropology faculty member will check on each intern at least twice during the internship by calling or e-mailing the intern's supervisor. The supervisor will be encouraged to contact the major professor or designee at any time during the internship if problems or questions arise. At the end of the internship, the intern's supervisor at the organization or agency will fill out an intern evaluation form: <http://www.amec.msstate.edu/files/InternEvaluation.pdf>. The internship evaluation form will be e-mailed or mailed directly to the Major Professor and the Graduate Coordinator. The evaluation should never be sent to the student. A grade for the internship cannot be assigned prior to the receipt of the internship evaluation.

## 2. Waiver of Internship

See Section C: Waivers and Equivalencies for details. **Credit is not awarded for waived internships.** If a waiver is granted the student is required to replace the five (5) credit hours of the internship with other graduate level courses or thesis hours.

## 3. Oral Presentation

The student is required to give an oral presentation on the internship experience to an audience of students and faculty at MSU. This presentation is intended to allow students and faculty to benefit by learning about others' experiences. The oral presentation may be given at the end of the semester in which credit is earned or it may be delayed until the beginning of the next regular semester, as determined by the Graduate Coordinator. Format, length, and content of the oral presentation will be determined by the Major Professor and the Graduate Coordinator. The student may be encouraged to present an oral report to personnel at the client agency or organization if appropriate.

## 4. Grading the Internship

Students are required to solicit their agency supervisor to evaluate their performance via the *Applied Anthropology Internship Evaluation Form*. This form is available on the departmental website: <http://www.amec.msstate.edu/files/InternEvaluation.pdf>. The student's internship supervisor should directly e-mail, fax, or mail the form to both the Graduate Coordinator and the student's Major Professor. The internship grade will be based on the evaluation of the intern submitted by his/her agency supervisor and on the student's completion of an oral presentation. If the oral presentation is delayed until the beginning of the next regular semester, it will be the responsibility of the Major Professor to assure that the report is presented, with the understanding that failure to present such a report may result in the student's internship grade being reduced by a letter grade. In the event of the failure to receive an internship evaluation on time for assignment of a grade, the student will receive an Incomplete.

### C. Waivers and Equivalencies

Course waivers and equivalencies must be claimed by the student **during the first semester in our MA Program**. Waiver and equivalencies will not be considered beyond the student's first semester in the program (see procedures below), but it is understood that some documentation may be delayed due to circumstances out of the student's control. Determination of waivers (previous experience) and equivalencies (transferred credits) will be made by the Graduate Coordinator, and as appropriate in consultation with the entire graduate faculty and/or other faculty tasked with the review of such requests.

#### 1. Procedures

Students wanting to gain a waiver or equivalency must submit the following items to be considered for a waiver or equivalency:

- All waiver and equivalency seekers must complete the following:
  - *Incoming Graduate Student Waiver Request Form*, which is available on the department website, [https://www.amec.msstate.edu/files/AMEC\\_APAN\\_Waiver\\_Form\\_updated.docx](https://www.amec.msstate.edu/files/AMEC_APAN_Waiver_Form_updated.docx)
  - A formal letter to the Graduate Coordinator that details what they are requesting, the rationale for the waiver, and the supporting documentation that is being provided.
- For an Internship waiver the student must submit:
  - A letter addressed to the Graduate Coordinator that indicates:
    - Details of previous jobs and experience in applied settings;
    - Length of time at each job or experience;
    - Name of the employer and supervisor;
    - Kinds of anthropology-related tasks performed.
  - A letter from the student's supervisor at each agency or firm for which the student claims paid or volunteer work. These letters must detail:
    - The kinds of work performed;
    - The length of time at each job or experience;
    - The anthropological knowledge acquired;
    - Attestation of the student's satisfactory performance of the work.
- For course waivers (Anthro Theory, Field School Leveling courses or equivalencies of coursework) the student must submit:
  - A signed letter from the student, addressed to the Graduate Coordinator, that contains:

- A clear indication of the course waiver or equivalency being requested;
- Evidence that the course taken at another institution is equivalent including:
  - A course catalog description
  - A syllabus from the course and/or a letter from the course instructor/professor indicating the objectives, topics covered, length, and any other pertinent details of the course.
- These materials must be submitted to the Graduate Coordinator prior to the end of the first semester in the program. The Graduate Coordinator and graduate faculty will make a determination as to whether the waiver or equivalency will be granted. If accepted, the student will receive notification from the Graduate Coordinator via a signed *Incoming Graduate Student Waiver Request Form*. A copy of the signed form will be provided to the student.
- The *Incoming Graduate Student Waiver Request Form*, letters, and other evidence will become part of the student's file regardless of the decision of the Graduate Coordinator and faculty.
- The Graduate Coordinator will assure that approved waivers are added to the student's CAPP report.

#### D. Examinations

For the Master of Arts in Applied Anthropology degree program, the successful defense of the thesis constitutes the final comprehensive examination.

#### E. Master of Arts Thesis

##### 1. Thesis Committee

Students should begin discussing potential thesis topics with their Major Professor and Thesis Committee as early in the graduate program as possible. The student's Major Professor will be the thesis director, who will direct the thesis in conjunction with other members of the Thesis Committee. Any necessary changes to the Thesis Committee can be executed via the *Request for Change of Committee Member(s) Form*. The form can be found on the Graduate School's website: [http://www.grad.msstate.edu/files/committee\\_change\\_request.pdf](http://www.grad.msstate.edu/files/committee_change_request.pdf). It is expected that the student will convene a meeting of their Thesis Committee at least once an academic year to discuss progress towards completion of their degree.

## 2. Thesis Proposal / Prospectus

The development of a *Thesis Proposal* (also known as a Prospectus) is the initial step in writing the thesis. The student should present a *Thesis Proposal* to the thesis director after completion of 18-24 hours (second to fourth semester) of graduate course work. The student is encouraged to submit the proposal as early as is practicable. The Thesis Proposal must follow the requirements and formatting listed in Appendix A, *Guidelines for Thesis Proposal Preparation* and Appendix B *Elements of a Thesis Proposal*. **The Thesis Proposal must not exceed 20 double-spaced pages, not including bibliography, tables, illustrations, and graphs.** The thesis director / Major Professor will distribute the proposal to the Thesis Committee.

Students **should not** undertake thesis research including data collection and/or data analysis prior to the completion of the Thesis Proposal. Students who need to begin thesis research prior to the completion of the Thesis Proposal must submit a formal letter to the Thesis Committee explaining the situation and seeking permission to begin thesis research. As well, the student must submit the current draft of the Thesis Proposal along with their formal letter.

**The Thesis Proposal must be formally approved by the student's Thesis Committee.** A *Prospectus Approval Form* must be signed by the Thesis Committee members, the Graduate Coordinator, and the Department Head. The form is available on the department's website: [http://www.amec.msstate.edu/files/PROSPECTUS\\_APPROVAL\\_FORM.pdf](http://www.amec.msstate.edu/files/PROSPECTUS_APPROVAL_FORM.pdf).

The prospectus approval should occur *no later than the end of the fourth semester of graduate course work*. Failure to complete a thesis proposal in a timely manner unnecessarily delays students' progress and could lead to sanction and/or removal from the program (see Section 6. Annual Evaluation and Dismissal from the Program for more details).

Students are expected to finish the thesis proposal by their 4<sup>th</sup> semester. Students who do not complete their proposal by the end of the second year will not be eligible for departmental financial support such as travel funding. If measurable progress towards completing the proposal is not made in subsequent semesters (beyond the 4<sup>th</sup> semester), the Major Professor, in consultation with the Graduate Coordinator and/or the Department Head, may assign a grade of Unsatisfactory (U) for the student's thesis hour(s). A U grade will automatically put a student on academic probation with the Graduate School.

- As a result of the U grade, Major Professor, the Graduate Coordinator, and Department Head will develop a set of conditions to evaluate the student's progress in the coming semester for their removal from probation. These conditions will be provided in a formal letter to the student from the Graduate Coordinator.
- Failure to meet the conditions spelled out in the letter will result in a second U grade for thesis hours and removal of the student from the program.

Students may petition the Department Head and Graduate Coordinator for an exception to the rules regarding expected progress on the Thesis Proposal. To be considered for such an exception, students must submit a formal letter to the Department Head and Graduate Coordinator explaining the reasons that the Thesis Proposal has been delayed.

### 3. Thesis Defense

Upon completion of the writing of the thesis, the Major Professor will distribute the intended final draft to the Major Professor and the other members of the student's Thesis Committee.

#### Closed Committee Meeting

After receiving the intended final thesis draft, the Major Professor will call a closed meeting of the Thesis Committee (without the student) to decide whether the thesis is ready to be presented for an oral defense. The thesis must be *unanimously approved* as defensible by the committee before it can be defended. Such approval signifies only that the thesis is ready to be defended, not that the student will automatically pass the defense. Additionally, the approval to defend does not preclude further required changes in the thesis.

If the Thesis Committee decides that the thesis is *not* ready for the oral defense, then the student will make the changes in the thesis required by the Thesis Committee and resubmit another intended final copy via the Major Professor to the Thesis Committee. The Thesis Committee will meet again to determine if the thesis is ready for an oral defense. This process will be repeated until the Thesis Committee agrees that the thesis is in a form acceptable for an oral defense.

It is required that a final draft copy of the thesis be placed on file in the departmental office or other specified locale for review by interested faculty *at least one week prior* to the scheduled oral defense.

#### Oral Defense

After the Thesis Committee *unanimously* decides that the thesis is ready for the oral defense, the Major Professor and the Graduate Coordinator will schedule the oral defense of the thesis. **For a normal graduation in the semester in which the defense is occurring, a thesis defenses must be conducted a minimum of three weeks prior to the "Initial Submission to the Library" deadline set by the Graduate School.** For graduation in the following semester via the GRD 9011 course and \$100 fee, students must defend by a date determined by the Graduate School. The Graduate Coordinator will announce the last possible dates for oral defenses at the beginning of every semester.

The following procedures and documents must be followed by the student and the Major Professor:

- Students must submit a *Pre-Audit form for Graduation* (Intent to Graduate) **the semester prior to their intended graduation.** This form can be found on the

Department's website:

<https://www.amec.msstate.edu/files/notificationmastersintent.pdf>. Students must notify the Graduate Coordinator of their intent to defend so that the Graduate Coordinator can draft this document for the student and the Major Professor. This form must be signed by the Major Professor and the Graduate Coordinator. The Graduate Coordinator will ensure that the form is placed in the student's file.

- **At least two weeks prior to the defense**, students and the Major Professor must fill out a *Declaration of Examination / Defense* form and submit it to the Graduate Coordinator so that it can be sent Graduate School . This form is available on the Graduate School's website:  
[http://www.grad.msstate.edu/files/comprehensive\\_exam\\_announcement.pdf](http://www.grad.msstate.edu/files/comprehensive_exam_announcement.pdf)
- A copy of an e-mail demonstrating that all Departmental faculty and graduate students have been invited to the thesis defense by email must be provided to the Graduate Coordinator for placement in the student's departmental file.
- The public portion of the thesis defense is open to all parties desiring attendance. The public defense should be scheduled for one hour. The presentation should be approximately 30-45 minutes in length with 15 minutes for discussion and questions from other faculty, staff, and students.
- Following the oral presentation of the thesis research, a private defense will be held, attended by the student, the Major Professor, and the student's Thesis Committee members. In this portion of the defense, faculty members may ask any questions related to the thesis research, graduate coursework, internship, or other pertinent matters to assure that the student has achieved an appropriate mastery of applied anthropology.

### Thesis Committee Decision

The Major Professor presides over the oral defense, and the decision to accept or reject the defense of the thesis is solely that of the Thesis Committee. A majority vote is sufficient for a decision. If a student is unsuccessful in defending a thesis, a new defense may be scheduled *no earlier than one month from the date of the original defense*. The Major Professor is responsible for reporting the results of the thesis defense/final examination to the Graduate Coordinator who will then report them to the Graduate School. The appropriate form is available from the Graduate School website: <https://www.grad.msstate.edu/results/>

### Revision and Signing of Thesis

Although a student may pass the thesis defense, he or she will normally be instructed to revise the thesis before submitting it to the Thesis Committee members for a signature or before submitting it to the Dean's office or the library.

## F. PROGRESS EXPECTATIONS, ANNUAL EVALUATION, PROBATION & DISMISSAL FROM THE PROGRAM

### 1. Progress Expectations & Annual Evaluation

Students are expected to complete their MA in Applied Anthropology in three years. In order to track progress, **all students** are required to submit an annual evaluation of their progress towards the MA in Applied Anthropology. The *Applied Anthropology Annual Student Evaluation Form* is available on our departmental website:

[http://www.amec.msstate.edu/files/AMEC\\_Annual\\_Graduate\\_Student\\_Evaluation.pdf](http://www.amec.msstate.edu/files/AMEC_Annual_Graduate_Student_Evaluation.pdf)

This form is due January 15<sup>th</sup> each year. This report includes a checklist of requirements and space for students to list annual accomplishments. The report will be submitted to the Graduate Coordinator and evaluated by the Graduate Coordinator, Department Head, and rest of the faculty. The Graduate Coordinator, in conjunction with the faculty, will produce a formal letter assessing student progress towards degree completion. The faculty will utilize the student report and the assessment to determine eligibility of students for funding in the following year including TA/RA positions and student travel support.

Students who have been in the program longer than three years must demonstrate satisfactory progress towards thesis completion each semester.

- A student's unsatisfactory progress towards completion of their MA beyond year three may result in being assigned a grade of Unsatisfactory (U) on their thesis hour(s) by their Major Professor.
- As a result of the U grade, the Major Professor, Graduate Coordinator and Department Head will develop a set of conditions to evaluate the student's progress in the coming semester for their removal from probation. These conditions will be provided in a formal letter to the student from the Major Professor and the Department Head.
- Failure to meet the conditions spelled out in the letter may result in a second U grade for thesis hours and could result in the removal of the student from the program.

### 2. Academic Probation

A graduate student shall be placed on academic probation beginning in the following semester if:

- 1) His or her GPA falls below 3.00, or
- 2) He or she receives a third course grade lower than a B.
- 3) He or she receives a U on a thesis hour.

A student may also be placed on academic probation if he or she falls short of the standards stated above regarding satisfactory progress towards the degree and/or GPA. Specific information relative to retaking of courses or completing remedial work will be established by the Major Professor, student's Thesis Committee, and Graduate Coordinator and documented in

written form. This remediation plan must specify a required date of completion. If the student intends to pursue the academic appeal process relating to the reason for being placed on probation, he or she must do so during the first probationary semester (see the Graduate Catalog for Procedures).

**A student cannot defend/submit a thesis during the probationary period. If, at the end of the probationary period, the student has not met the requirements outlined in the remediation plan, she or he shall be dismissed.**

### 3. Dismissal

Unsatisfactory performance in the program may result in dismissal. Unsatisfactory performance is defined as one or more of the following:

- 1) Failure to maintain a “B” average in graduate courses attempted;
- 2) A grade of “U” on one or more thesis credit hours;
- 3) A fourth C grade in graduate coursework;
- 4) A “D”, or “F” in two courses;
- 5) The failure of the oral thesis defense;
- 6) Any other failure of a required component of the program of study.

Evaluation of graduate grade point averages will occur via the *Applied Anthropology Annual Student Evaluation Form*.

According to rules set forth by the Graduate School, a graduate student shall be dismissed from the University if:

- 1) He or she receives a second course grade less than a C;
- 2) He or she receives a fourth course grade less than a B;
- 3) Or he or she is found to be responsible for violating the Student Honor Code for a second time.

A student may also be dismissed from the University if he or she fails to meet the requirements placed upon them when he or she was placed on academic probation. The dismissal process begins with a Recommendation for Academic Dismissal form (a letter may be attached) from the graduate coordinator, approved by the college dean, to the dean of the Graduate School to recommend that a student be officially dismissed from a graduate program. The reason for the dismissal must be stated. Upon a review of the dismissal request, an official academic dismissal letter from the dean of the Graduate School is sent to the student through the U.S. Postal Service and is also emailed to the student's MSU account. The dismissal letter informs the student that any schedule of classes for the following semester(s) will be dropped, and the Office of the Graduate School (OGS) places an academic dismissal hold on the student's record to prevent further enrollment. The student may refer to the Graduate Catalog for information regarding the appeals process (see Academic Dismissal Appeal Procedure below). A student who has been dismissed from a graduate program and has not been reinstated via the appeal process cannot reapply and be admitted into that program, except by meeting the conditions necessary to request Academic Amnesty (see the Graduate Catalog for Academic Amnesty rules).

## 7. ANTHROPOLOGY AS A MINOR FIELD OF STUDY

Students whose major is not anthropology may elect it as a minor field of study. To qualify, the students must take 12 graduate credit hours of anthropology course work, including AN 6123, Anthropological Theory; a maximum of 3 hours of Directed Individual Study is allowed. Courses applied to a minor must be taught by full-time anthropology faculty members; cross-listed courses must be taken for AN credit.

## 8. GRIEVANCES & ETHICS

Students with grievances regarding faculty, staff, and/or any other elements of the graduate program should follow the formal grievance procedures as laid out by the Graduate School. The University's academic grievance procedures can be found at the following website: <https://www.policies.msstate.edu/policypdfs/1237.pdf>

In the case of non-academic grievances, students should contact either the Office of Compliance and Integrity: <https://www.oci.msstate.edu/> or the Office of the Dean of Students: <https://www.students.msstate.edu/>

Mississippi State and the AMEC department are committed to upholding the standards of ethical behavior in research and teaching. If a graduate student is concerned about unethical behavior on the part of any faculty, student, staff, or administrator at Mississippi State University, they are encouraged to report their concerns via Mississippi State's anonymous "EthicsPoint" system. The "EthicsPoint" system is available at the following website: <https://secure.ethicspoint.com/domain/media/en/gui/24520/index.html>

## 9. IMPLEMENTATION AND MODIFICATION OF THESE PROCEDURES

This document may be changed by a majority vote of the department faculty present at a scheduled faculty meeting subsequent to the one in which changes are proposed. The faculty must be notified one week in advance of the changes to be placed on the agenda of the meeting. Changes may be made only at meetings held during the academic year. Students are required to follow the document as it exists at the time of their entry into the program, or they may choose to follow the requirements of the most recent revision, if different.

## 10. IMPORTANT DATES

1. By end of first semester of course work  
**All students:** *Incoming Graduate Student Waiver Request Form*
2. By end of first semester of course work  
**All students:** select Major Professor
3. By end of first semester of course work  
**All students:** select Thesis Committee
4. By end of first semester of course work  
**All students:** turn in Program of Study form to Graduate Coordinator
5. January 15<sup>th</sup>, every year  
**All students:** *Applied Anthropology Annual Student Evaluation Form*
6. During next-to-last semester prior to thesis submission and graduation  
**All students:** submit pre-audit form for graduation (must only be submitted once).
7. During last semester prior to thesis final submission and graduation  
**All Students and the Major Professor:** must fill out a *Declaration of Examination / Defense* form and submit it to the Graduate Coordinator **at least two weeks prior to the defense**. A copy of the e-mail sent to the faculty and graduate students in the department must be provided to the Graduate Coordinator.
8. At or prior to thesis final submission and graduation  
**All students:** Sign, gather committee signatures and submit the graduate CAPP/POS form provided by the Graduate Coordinator
9. Two weeks before the scheduled oral defense of a thesis  
**All students:** An intended final copy of the thesis to be placed on file in the Cobb Library or other specified location for review by interested faculty.  
All members of the faculty to be invited, in writing or via email, to attend the oral defense.
10. **At the Defense:**  
The Major Professor must download the “Examination/Defense” results document from the Graduate School webpage and ensure that the Thesis Committee members sign the documents and indicate whether they have passed or failed the student’s defense. The Major Professor must then submit this form to the Graduate Coordinator for his/her signature and to pass it on to the Graduate School.
11. Completion of the thesis entails approval of the signature page by both the Library’s Office of Thesis and Dissertation Format Review and the Dean of the College of Arts &

Sciences. The final thesis, including the approved signature page, must be submitted to the Dean of the College of Arts & Sciences for signature and then submitted to the Library's Office of Thesis and Dissertation Format Review.

12. Before the defense:

**All students:** must sign up for the LIB 9011 course on Canvas offered by the Library's Office of Thesis and Dissertation Format Review and follow submission procedures mandated by that course.

13. After the defense

**All students:** provide the Department with a bound copy of your Thesis for display in the E. J. Vardaman Reading Room / Cobb Library

## APPENDIX A

### **AMEC Faculty and Student Guidelines for Thesis Proposal/Thesis Preparation and Thesis Defense**

The following guidelines provide directions that will benefit students by insuring the timely completion and acceptance of thesis proposals and thesis drafts and that will prevent unreasonable demands on faculty time due to last-minute submissions. As stated elsewhere in the Graduate Student Handbook, these guidelines assume that students will have chosen their Major Professor by the end of their first semester and set up their Thesis Committee by the end of their first semester. Faculty and students are encouraged to regularly check the Graduate School [www.grad.msstate.edu](http://www.grad.msstate.edu), College of Arts & Sciences, and Library's Office of Thesis and Dissertation Format Review <http://library.msstate.edu/thesis/index.asp> for deadlines and current forms.

**Thesis Proposals / Prospectus** are a critically important first step in the thesis process. Students decide upon a thesis topic in conjunction with their Major Professor. Work to develop background for the thesis may be undertaken via a paper requirement in a regular class or, in appropriate cases, as part of a Directed Individual Study or an internship, or independent of other classes. The student should call for a meeting of the Thesis Committee in the third semester to discuss the topic, to identify potential pitfalls, and to seek guidance from committee members on how to move forward. The major professor will review proposal drafts until he/she and the student feel that the draft is ready for review by the full Thesis Committee. Thesis Committee members will review drafts until there is consensus that the proposal is acceptable. The draft(s) sent to the Thesis Committee should be complete, fully referenced drafts with attendant figures and tables as needed. Students should not expect that their first full draft will be accepted by the Thesis Committee without at least one round of major revision.

Students should have an accepted proposal *before* they begin work on the actual thesis. In cases where fieldwork is time dependent (e.g., via an archaeological field school or a set period of visitation for ethnographic work), a draft proposal may be considered sufficient to allow time restrictions to be met. In such cases, the full Thesis Committee must agree that the draft proposal is far enough along to warrant allowing the student to proceed with data collection. In such cases, data analysis or other work on the actual thesis should not be attempted until the final proposal is accepted.

The student should expect to have comments back within two weeks of submission of a draft proposal to the major professor and/or the Thesis Committee. Student are expected to have an accepted proposal by their fourth semester in the program. It is important for students to recognize that faculty participation in conferences or other professional activities may delay return of comments. Accordingly, students are encouraged to coordinate closely with their major professor on when would be the best time for submission of proposal drafts.

**Thesis Preparation** should follow the proposal as much as possible. The student should call for a meeting of the Thesis Committee once each semester following acceptance of the thesis proposal to review progress on the thesis. It is recommended that theses not exceed approximately 100 pages in text (not including tables, graphs, images, and works cited).

The major professor will review thesis drafts until he/she and the student feel that the draft is ready for review by the full committee. Thesis Committee members will review drafts until there is consensus that the thesis is defensible. No defense date will be set until that consensus is reached. The draft(s) sent to the Thesis Committee should be complete, fully referenced drafts with all attendant figures and tables. Students should not expect that their first full draft will be accepted by the Thesis Committee without at least one round of major revision.

The student should expect to have comments back **within three weeks** of submission of a draft thesis to the major professor and/or the Thesis Committee. Ideally, a student will have a defensible thesis draft no later than the beginning of their sixth semester. In order to approach these ideals, it is important for students to recognize that faculty participation in conferences or other professional activities may delay return of comments. Accordingly, students are encouraged to coordinate closely with their major professor and the Graduate Coordinator on when would be the best time for submission of thesis drafts and scheduling of the thesis defense.

**Thesis Defense** reflects deadlines set by the Graduate School. AMEC faculty are under no obligation to set a defense date in order to accommodate a student's wishes (e.g., because of a job application, further graduate school acceptance, or to avoid further tuition payment, etc.), and it should be understood that requests for scheduling based upon such personal reasons fall outside of normal professional practice and therefore are discouraged.

Students can expect a final round of major revisions to the thesis following the defense. After successful completion of the defense, a final copy must be submitted to the Dean's office for review following the deadlines set each semester by the Graduate School and the College of Arts & Sciences. To avoid problems, defenses must be set so that students can submit to the Dean's office and the library by their deadlines. Deadlines for scheduling a defense will be set and announced by the Graduate Coordinator every semester. The deadline for normal graduation within the semester will usually be **three weeks** before the due date for first submission of the thesis to the library. In consultation with the major professor, the student may continue to make final adjustments to the thesis during the time between the Departmental defense deadline and submission to the Dean's office and submission to the library. The Thesis Committee has the right to request or to waive review of any revisions following the defense.

Although not a formal requirement for program completion, it is expected that, as a courtesy, the student will provide one bound, hard copy of the thesis to the major professor and one to the department.

## APPENDIX B

### ELEMENTS OF A THESIS PROPOSAL / PROSPECTUS

The following is intended to serve as a guide for the development of a thesis proposal. This outline contains many of the essential elements for designing a research project for a thesis. Although it may be appropriate for the majority of students, it is expected that the content and organization of proposals will vary according to the nature of the particular research problem proposed. A proposal will be at least ten (10) but not more than twenty (20) pages of text, excluding references, tables, graphs, and figures. The student should contact his or her major professor or Thesis Committee if questions arise concerning the form, content, and organization of the proposal. The general outline of the elements to be included in a thesis proposal is presented below.

#### A. Cover Page

The thesis proposal must include a cover page that states the following:

1. Student name
2. Title of the proposed project
3. Date the thesis proposal was accepted by the Thesis Committee
4. Members of the student's Thesis Committee

#### B. Statement of the Problem (1-2 pages)

This section should present a theoretically-informed and concise statement of the anthropological problem to be addressed by your research. It will likely include the specific hypotheses and/or research questions that the project will address. It should state the significance of the research, i.e., how your work will contribute to and expand on previous research in this area. Since the questions will be elaborated in more detail throughout the proposal, this section should be designed to provide sufficient information to set the stage for the remaining sections of the proposal.

#### B. Review of the Relevant Literature (6-8 pages)

This section of the proposal should include a review of the theoretical and empirical literatures relevant to your research problem. It should illustrate your familiarity with and knowledge of the most important literature as well as your ability to interpret substantive research from a recognized theoretical framework. You should concentrate your attention on the empirical and theoretical works that are directly relevant to your proposed research problem. In this section you should provide the theoretical rationale that will guide your research project.

#### C. Description of Methods and Procedures (6-8 pages)

A statement of the methods and procedures to be followed in the conduct of your research should be given in this section. The description of the methods to be used will usually include the following:

1. A description of how data will be collected, including discussion of use of existing collections or interview and statistical data, as well as methods proposed for new fieldwork. Data collection methods must be explicitly justified with reference to the problem / hypotheses being addressed.

2. A description of data analysis methods, including a plan for coding or classifying data and a justification in terms of the problem being addressed, for choosing these categories. Plans to use particular statistical procedures should be described and discussed.

#### D. Time Schedule (1 page)

This section should include a general schedule for completion of various aspects of the research. Such a timetable will give you and your Thesis Committee an idea about the manageability of your proposed project.

#### E. References Cited

Present a complete listing of books and articles (with complete citations) that are the basis of your research problem.

#### F. Thesis and Proposal Style

Page numbers must be included in your proposal. Thesis and thesis proposals must conform to the style contained in: 1) the most recent edition of *A Manual for Writers of Term Papers, Theses and Dissertations* by Kate L. Turabian, a copy of which may be purchased at the book store; 2) the format stipulated as acceptable by Mitchell Memorial Library in their most recent version of *MSU Theses and Dissertations* (see <http://lib.msstate.edu/thesis/>); 3) citations in the text and references cited in the style of *American Antiquity*, the *American Journal of Physical Anthropology*, or the *American Anthropologist*.

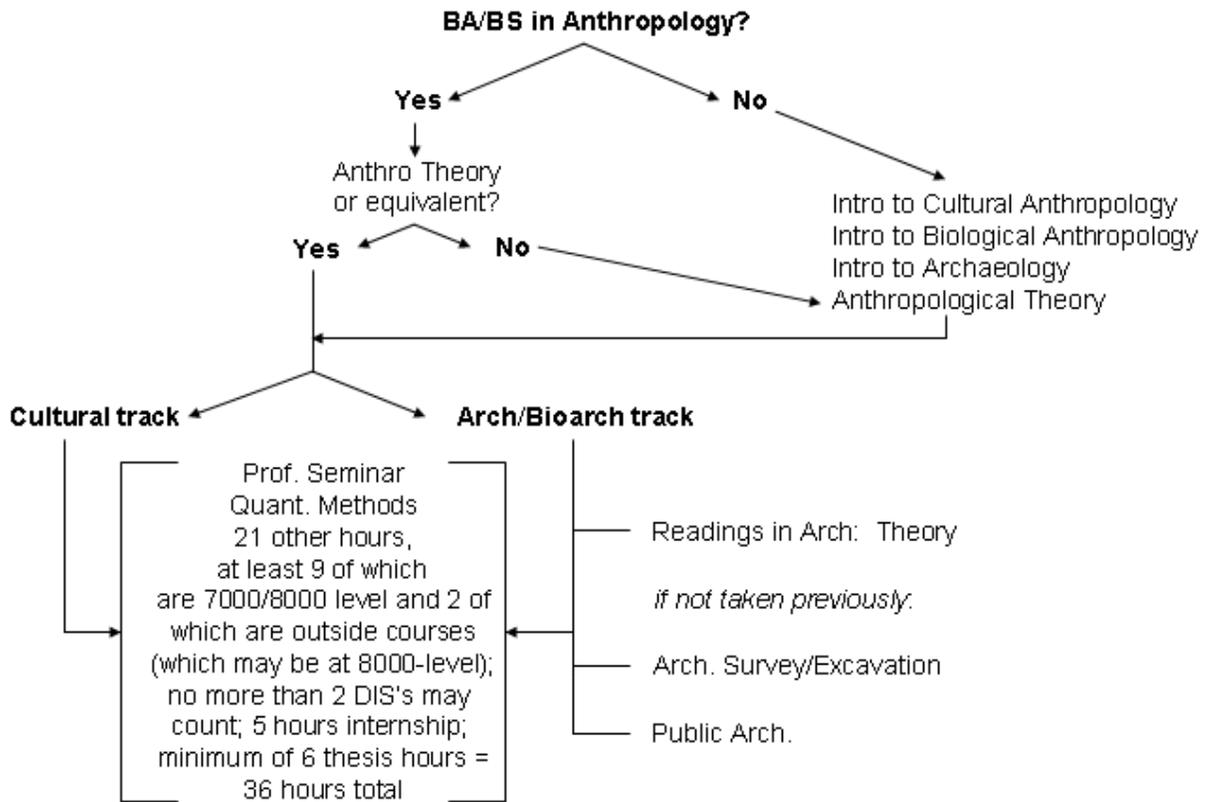

Figure 1. Flow chart for graduate requirements, Applied Anthropology M.A. Internship, all or part of survey/excavation field school, and other requirements may be waived based on prior experience (See Waivers and Equivalencies above).

**Department of Anthropology & Middle Eastern Cultures  
Incoming Graduate Student Waiver Request Form**

Student Name \_\_\_\_\_ Track \_\_\_\_\_ Date \_\_\_\_\_

Bachelor's Degree in: \_\_\_\_\_ Date and School \_\_\_\_\_

**This form must be submitted by the end of the students' first semester in the program. In addition to this form all waiver requests must be accompanied by a letter to the Graduate Coordinator that clearly outlines the waivers requested and the prior experience that is being used for the claim. Students must take the courses shown on the checklist in the Graduate Handbook, including particular requirements for the Cultural Anthropology or the Archaeology/ Bioarchaeology track. Students without a Bachelor's Degree in Anthropology are required to take undergraduate leveling courses as shown on the checklist.**

1. Students may waive the requirement for AN 6123, Anthropological Theory, if they have had an equivalent course. In your letter, please list the equivalent course with a brief description of its contents. Evidence must be provided to back up student claims (e.g. course catalog description, course syllabus, correspondence from the instructor/professor). Please attach such evidence to this form.

---

**For departmental use only:** Decision: \_\_\_\_\_ Date: \_\_\_\_\_

---

2. Students on both tracks are required to take AN 8215, Internship in Applied Anthropology, unless they seek a waiver based on prior experience. In your letter, please list the equivalent experience and a description of that experience. A request for the waiver of the internship must include supporting documentation from the student's prior employer/supervisor that details: the kinds of work performed; the length of time at each job or experience; the anthropological knowledge acquired; and an attestation of the student's satisfactory performance of the work. Supporting documentation provided by former employers/supervisors must be submitted to the Graduate Coordinator via e-mail and/or attached to this form.

---

**For departmental use only:** Decision: \_\_\_\_\_ Date: \_\_\_\_\_

---

3. Students on the Archaeology/Bioarchaeology track are required to have field experience equivalent to an academic field school. This includes training in Phase I site survey (NOT instrument survey, but training in how to locate, record, and evaluate sites). In the absence of such experience, students are required to take AN 2510 survey and/or AN 3510 excavation. In your letter, please outline previous class work/professional experience that you wish to use to claim a waiver for this requirement? Evidence must be provided to back up student claims (course information from instructors and/or documentation from an employer/supervisor). Please attach such evidence to this form. Supporting documentation provided by former employers/supervisors must be submitted to the Graduate Coordinator via e-mail and/or attached to this form. .

---

**For departmental use only:** Decision: \_\_\_\_\_ Date: \_\_\_\_\_

---

**Please note that ALL REQUESTS FOR WAIVERS MUST BE COMPLETE, INCLUDING DOCUMENTATION OF PRIOR EXPERIENCE, BY THE END OF THE STUDENT'S FIRST SEMESTER.**
